

change\_signal

```
graph LR; A[change_signal] --> B[free_trap_command]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'change\_signal'. The right box is white and contains the text 'free\_trap\_command'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

free\_trap\_command
